INDIVIDUAL ACTION. COLLECTIVE POWER.

RACE TO ZERO

WHAT IS RACE TO ZERO?

Race To Zero is a UN-backed global campaign rallying non-state actors – companies, cities, regions, financial, educational, and healthcare institutions – to take rigorous and immediate action to halve global emissions by 2030 and deliver a healthier, fairer zero carbon world in time.

WHAT DOES IT MEAN TO SIGN UP TO THE RACE TO ZERO

PLEDGE – Pledge at the head-of-organization level to reach (net) zero GHGs as soon as possible, and by 2050 at the latest.

PLAN – Within 12 months of joining, explain what actions will be taken toward achieving the pledges, esp. in the short-to medium-term.

PROCEED – Take immediate action toward achieving (net) zero, consistent with delivering interim targets specified.

PUBLISH – Commit to report publicly both progress against interim and long-term targets, as well as the actions being taken, at least annually.
